### AIMS OF THE ENGLISH DEPARTMENT

Our aim in the English Department at Scarborough College is to develop and nurture the student's skills in writing, reading, research analysis, presentation and communication.

We aim:

- to have our pupils to think for themselves
- to question, challenge and provoke
- to cultivate a love of language
- to make well informed, balanced judgements, free from bias or intolerance
- to develop the well rounded individual, one who can bring all these skills to bear in the twenty first century
- to encourage our pupils to be positive, creative and humane and to take responsibility for themselves and others.
